Demands To Be Made Riot At The Cudahy By Railway Shopmen

Include an Increase In Pay of One Man Was Killed and Approximately \$1 Per Day Per Man.

Per Man.

Detroit, Mich., Aug. 13.—General chairmen of the United Brotherhood of Maintenance of Way Employes and Railway Shop Labore rs today approved a new wage and working agreement aiready submitted to the railroad administration calling for an increase in pay of approximately \$1 a day per man, time and a half for overtime and promotion by seniority.

The demands, it was said, affect all railroads in the United States, Canada and Central America, and involve about 600,000 workers. Half of that number are members of the union.

A referendum now being taken is returnable Aug. 24. Union officials declare 99 per cent. of the men favor the proposed schedule and a general strike of all maintennace of way employes if their demands are not met.

The increase demanded would mean an annual additional expense to the railroads of nearly \$100,000,000. Twenty-five per cent. of the men engaged in maintenance of way work, according to union officials, receive less than \$2.50 a day, the minimum being 28 cents an hour for an eight hour day. The \$1 a day increase demanded is an average and does not apply in full to the higher paid employees, the chief purpose being to make the low rated man the principal beneficiary.
